### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Aaron Parker on 9/18/09.

The application has been amended as follows:

In claim 1, inserted - - by melt processing - - after the phrase 'shaping a polymer blend' in line 2.

Claims 1-12, 14, 16-19 and 22 are allowed.

The following is an examiner's statement of reasons for allowance: Claim 1 as amended distinguishes over the prior art because the prior art uses the solution process, and then uses the gas to make the membrane by phase-inversion, which would produce a significantly higher porosity compared to applicant's product produced by foaming of a membrane produced by melt processing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Krishnan S. Menon whose telephone number is 571-272-1143. The examiner can normally be reached on 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vickie Kim can be reached on 571-272-0579. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
